How Does it Work?

The **VIP Plan** works similar to many dental plans on the market. You pay a monthly membership fee for benefit coverage on your dental expenses. The Plan is designed to cover preventive services such as cleanings and oral exams. This provides coverage that can be budgeted at an affordable monthly expense while receiving excellent benefits for your higher cost dental service.

Dental Associates of North Dallas administers the **VIP Plan** and works with you, the patient, directly to make all dental service decisions. There is no need to contact a third party for approvals. All questions regarding plan coverage, verifying benefits, changing coverage types, or any other questions should be directed to our staff at Dental Associates of North Dallas.

All dental services covered by the **VIP Plan** are designed to be done at our office here at Dental Associates of North Dallas.

Dr. Shuman may refer a patient to a specialist who performs other services, that the patient may need, which is not covered by the Plan. The office has a complete listing of highly recommended specialists.

Our Plan

If asked, most people would agree that decisions about dentistry are best made between the patient and their dentist, without a third-party company's involvement and restrictions.

The **VIP Plan** is different! It has been designed to provide you and your family with affordable preventive dental coverage that your dentist owns and administers.

Not only does the **VIP Plan** provide outstanding coverage for preventive dentistry, the plan offers excellent coverage for major dental procedures like crowns, bridges, root canals, and implant services.

Since your **VIP Plan** is not administered by a third party insurance company, all the decisions regarding your dental treatment may be decided by you and your dentist, Dr. Richard Shuman, without the need for claim forms, approvals, deductibles, or waiting periods.
